

**AIREDALE TERRIER CLUB OF SCOTLAND
& AIREDALE TERRIER CLUB OF
SCOTLAND BREED RESCUE (SC042141)
CHRISTMAS NEWSLETTER**

2023

**WELCOME TO OUR NEW CLUB MEMBERS
WE HOPE YOU ENJOY OUR CLUB AND ALL OF OUR
EVENTS DURING 2024**

Festive greetings to all members and your precious Airedales. This being time we all, I am sure, reflect on fun times with our dales and for some, sad events during the last 12 months. The power of social media through the clubs popular Facebook site ensures we can laugh and admire the antics of club members Airedales and also give thoughts of comfort to those members whose Airedales have sadly crossed The Rainbow Bridge.

I thank you all who contribute to our Facebook page.

The popular get together events throughout the year have all been well attended with new Airedale owners and potential owners joining us and who were amazed at the welcome they were given by all attendees and their dales.

To sum up, 2023 has been another successful year for the club, the effort of committee members, the diligence of our club secretary (Wendy Turner) and more and most importantly the support of club members will ensure that The Airedale Terrier Club of Scotland continues to flourish in 2024.

I wish everyone and their Airedales a Merry Christmas and a Happy fun filled New Year.

DUNCAN BAIN

I thought it would be different this year to have a look through some of our club events during 2023. Some of them have been taken from our Facebook page but I think they are all worth repeating again.

Visitors to Helix Park were amazed to see so many Airedales together. As you walked passed you heard people commenting.

I thought the above was the best photograph taken on the day

The above photograph was taken from our Facebook page.

This year we returned to Tentsmuir Forest. We had not been there for a few years and we had a lovely afternoon . The Park Rangers have built a new structure that we can use to barbeque in if it's raining. Thankfully it was a lovely day and we did not need the structure we lit a camp fire, which always adds to the atmosphere.

At the Dog Lovers Exhibition at The SEC, in Glasgow some of our club members brought along their Airedales and manned the stand over two days.

It was a successful exhibition and our stand had a lot of visitors.

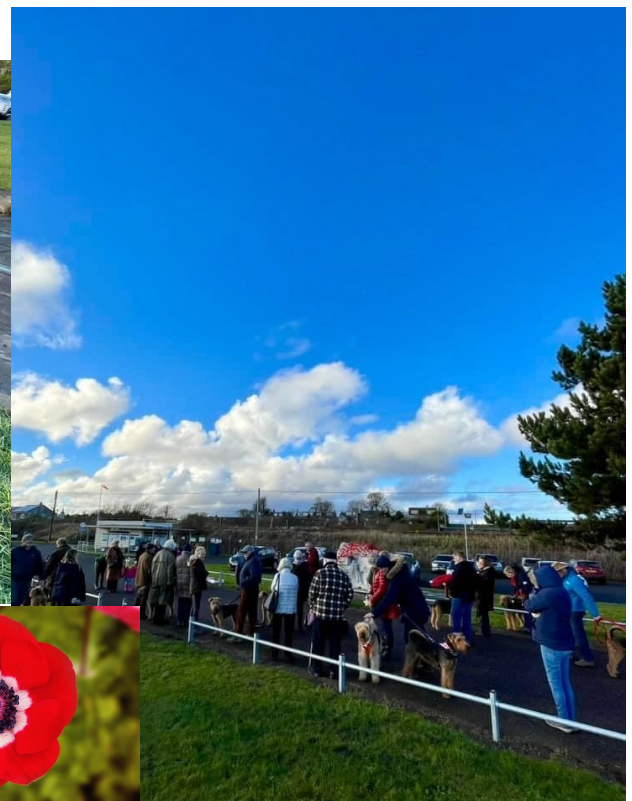

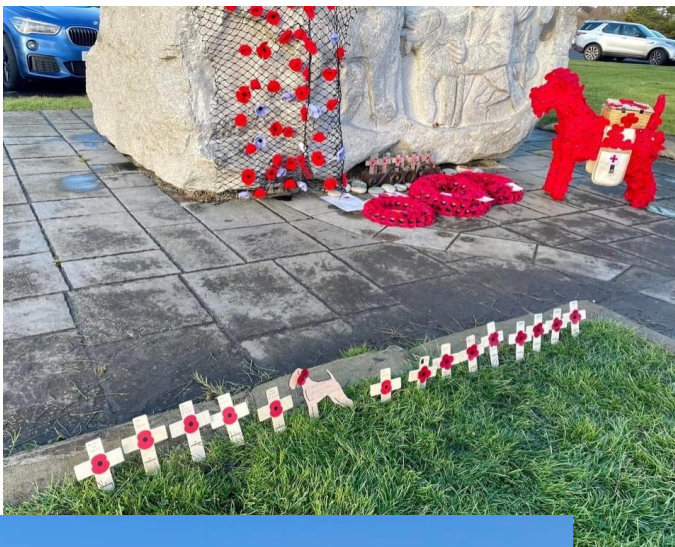

At Lochore Country Park ,
Lochgelly. Fife, only half of the
club committee were available so
John and Alison Callander and
David Spiers looked after everyone
and organised the raffle—thank
you

2023 is a celebration year for the Airedale Terrier Club of Scotland it is their 75th
Anniversary year.

The dog circled in red who looks like she is on a spring is Lucy a lovely Irish Terrier who got a
bit excited!

Remembrance Sunday at The Airedale Terrier World War One Memorial to the Airedale Terriers who served all over Europe during WW1. The Monument was placed at Easthaven as the Easthaven Beach was one of the beaches used to train the original Airedales for World War One. The trainers and the dogs were based at Panbride House, approximately two miles from Easthaven.

Rainbows in Easthaven on Remembrance Sunday
